

NABA

VOLUNTEER TAX PREPARATION

“ I encouraged my entire chapter to volunteer.”

I was a volunteer tax preparer as a student. When I joined NABA as a professional accountant, I got others involved.

I learned about tax preparation volunteer work through the student chapter of NABA. I'm an accountant now and I stay involved with the students. Volunteering to prepare taxes is good for them. They learn how to ask the right questions. It builds their résumés.

I've learned to be a good listener. Everyone's situation is different. One woman was going through a messy divorce. She thought she'd owe a lot of taxes. Instead I found that she qualified for a big refund. She cried tears of relief. It made a huge difference in her life and it tugged at my heart.

I volunteered because I was curious. I come back year after year because I enjoy it.
